Hi Hamish

Thank you for your request for information relating to 575 Waimumu Road, Gore.  
There are no activities that trigger the HAIL at the Waimumu Field Day site that I am aware of.

I can advise that Environment Southland does not hold a record of hazardous activity on the subject property and the property is not currently registered on Environment Southland's Selected Land Use Sites (SLUS) register. Please note however that our records are incomplete and due to the rural nature of the site we are unable to rule out the likelihood of historical rural activities including the operation of spray races or livestock dips, storage of agrichemicals and fuels, and/or disposal of wastes.

Regards
