*Stock Manager (if applicable)*

**Please to refer to Appendix 1B of the Gore District Council Roading Bylaw 2011, Livestock movement along the road to ensure you are familiar with these requirements before making application for this permit. This can be found on the Council's [website](#).**

The following conditions will form part of the approval for moving or crossing stock on the road. Special conditions may also be added.

1. Entranceways, including additional adjacent shoulders at points where livestock cross the road berm, should be surfaced in such appropriate material or protected in such a manner as to prevent damage to the road and avoids mud being tracked onto the road.
2. Only the route and crossings included in this application and the approved Traffic management Plan are covered by this permit. No other route or crossings shall be used without prior approval by the authorised officer.
3. The stock manager and/or drover in charge shall be responsible for providing adequate warning for traffic. Traffic control shall be strictly in accordance with the traffic management plan contained in the bylaw.
4. The stock manager and/or drover shall ensure that due care is taken to protect the road reserve and the road surface from any damage whilst the stock are being driven along or across the road. He/she shall also make provision to protect frontages and private property neighbouring the stock movement route.
5. Livestock shall not be driven during the hours of darkness, (the hours of darkness being those hours between half an hour after sunset and half an hour before sunrise the next day).
6. Excessive stock excrement must be removed from the road immediately after stock has been moved.
7. The permit holder may be liable for payment of any costs incurred by the Council to repair any damage caused to the road, or to remove excessive effluent from the road, as a direct result of the stock movements carried out under this permit.
8. The permit holder is to provide evidence of current Public Liability Insurance coverage of at least one million dollars.
9. Other special conditions may be applicable to this permit and, where relevant, will be stated below.
10. This permit is valid for \_\_\_\_\_ years from the date of issue (*between 1-5*).
11. The permit holder shall advise the Council of any change of ownership or grant or lease of the land to which this permit relates.
12. The permit holder shall advise the Council of any significant change in farming practice that may impact on their ongoing relevance of this permit.
13. The permit holder shall check with KiwiRail train controller if driving across or near railway lines (if applicable).
