### Gore Creative Communities Applications Extended

There's still time to make an application for the latest round of funding from the Creative Communities Scheme.

The Gore District Council has a partnership with Creative New Zealand to promote, support and increase participation in community arts and cultural activities within the Gore District.

For example performances by community choirs, hip-hop groups, theatre companies, or art projects that bring together groups from a range of different communities, and something that enables young people (under 18yrs) to engage with, and participate in the arts. Any group, organisation or individual that meets the grant criteria can apply.

For more information visit the Council's website. The current funding round is for projects that take place between 1 September 2020 and 28 February 2021. Applications are open until Thursday 20 August 2020.
