

Gore District Council
Gore Ward
Electing 5 Councillors

Glenys DICKSON

Independent

My principal place of residence is in the Gore Ward area.

I entered Council at the last election with broad experience and a people-first approach. Since then I've worked hard to learn about the areas in which council can make a real impact, the needs of residents and how best to help enhance our district.

I stand for accountability in the services provided by Council. I'm not afraid to ask the hard questions when it comes to the needs of our people and our environment.

Council has a regulatory duty to upgrade Gore's aging potable, storm and wastewater infrastructure. I believe Central Government subsidies are vital, for 3 water schemes infrastructure in towns like Gore with a small rating base.

I've worked collaboratively towards solving residents' concerns regarding water quality, roading, footpaths, tree and flooding issues. I'll continue to listen and when making decisions will always seek balanced information to ensure our community keeps moving forward positively.
