

Gore District Council
Waikaka Ward
Electing 1 Councillor

John Clarence GARDYNE

My principal place of residence is in the Waikaka Ward area.

I farm with family at North Chatton and have represented the Waikaka Ward on the Gore District Council for the past three years.

Going forward I believe that for the good of our district the Council needs to;

Look at doing things differently to be more efficient and cost effective.

Prioritise the replacement of core assets.

Maintain all assets and services in a sustainable and equitable manner.

Give greater focus to the agricultural industry that our district is based on and optimise the opportunities that this industry brings to both our urban and rural people.

The skills I bring to make this happen are diplomacy, and the ability to understand the practical and financial implications of decisions made.
