

Gore District Council  
Council - At Large  
Electing 3 Councillors

---

---

**Cliff BOLGER**

My principal place of residence is in the Council - At Large area.

I am 64 and farming near Mataura.

I am Deputy Mayor, also chairman of Finance and policy. Previous chairman of regulatory and planning.

I was council representative to venture Southland and I am a representative on Waste net.

I am a Resource Management Act hearing commissioner.

If elected I will support a conservative approach to debt and financial management, ensuring services are provided and maintained at the best possible value.

I want to see the whole district progress and grow in a measured and affordable manner.

The immediate priorities are to upgrade Gore and Mataura's water supply as well as waste and storm water disposal for Gore.

I will ensure that district roading receives enough funding to maintain and improve the quality of the network over time.
