

Gore District Council
Council - At Large
Electing 3 Councillors

Richard MCPHAIL

My principal place of residence is in the Council - At Large area.

Born and bred in Gore, along with my wife Steph we have lived and worked in the Southland area all our lives. In 2007 we shifted home to raise our two girls in a community that we both knew and

appreciated.

Retiring in 2016, after a thirty year Policing career I spent time on the family farm at Waikaka Valley and am currently contracted to MPI as the Region Manager for Mycoplasma Bovis programme. I am involved in a number of committees in the area including Chairperson Gore Ready for Growth Development project, Gore RSA Executive member and have recently retired from the St Peters Board of Trustees.

The Gore community has many opportunities and challenges ahead in the current environment. Should I be elected, I offer my broad base of skills, attributes and life experience to tackle the issues and represent the community to the best of my ability.
