

Mataura Licensing Trust
Ward 2 - Gore
Electing 3 Trust Members

Alison CORMACK

My principal place of residence is in the Mataura Licensing Trust area.

4th generation local, educated Mataura School & St Peter College, married to Craig 26 years, work together in our local Engineering business for 16 years, two adult daughters, Erica an early

childhood teacher and Rachel a primary school teacher.

Netball is a passion, which I played locally and representatively, but netball umpiring was my calling and had a fabulous career reaching International level, I still currently control games in the local Eastern Southland Competition on a Saturday.

I have been involved in the administration side of sport for nearly 38 years, including leading roles with Eastern Netball, currently the draw secretary compiling the weekly draw and umpire allocation.

I value the opportunity to be an active member of the Mataura Licensing Trust Board where I can contribute back to our wider community not just in sport but in the arts, culture and schools.
