

Mataura Licensing Trust
Ward 5 - Edendale
Electing 1 Trust Member

Jeannine CUNNINGHAM

My principal place of residence is in the Mataura Licensing Trust area.

I am an existing board member of the Mataura Licencing Trust seeking re-election to once again represent Ward 5. I live in the Edendale township with my husband Mike, amongst the grass roots

of our community and we have one adult son Brody.

The MLT is a valuable community owned asset which provides much needed funding and support in many areas throughout our wards. There are new challenges ahead and experienced board members are better equipped to deal with these.

My skills come from a variety of board experience and have enabled me to offer consistency in all decision making while continually thinking strategically and evaluating the outcomes. I will continue to ask the hard questions because someone has to. It's about community. If elected I will promote transparency and listen and respect your views to ensure a strong future for the MLT and its' continuing support across our communities.
