Gore Water Supply Shutdown

Gore's water supply will be shutdown this Thursday night (23 May) from 11:00pm to 1:00am.

The areas affected are:

- North Gore
- Crewe Street
- Broughton Street and streets to the west that are north of the intersection with Coutts Road
- Kakapo Street west

The reason for the shutdown is to allow our 3 Waters team to connect a new water main into the existing main at the Hilbre Avenue water treatment plant. This work is part of the Hilbre Ave pump relocation.

Some residents may experience discoloured water due to the shutdown. If so, run a tap to flush water lines. If the water hasn't cleared in about 30 minutes, please contact us, phone 20-90330.
